

Subject:

Announcement of New AFM Revision (German Version).

Date:

15/09/2024

Approved by:

Ing. Vladimír Pekár
Head of Design Organisation

Compliance Information:

Mandatory

~~Recommended~~

~~Optional~~

~~Informational~~

Affected Models/ Serial Numbers:

SHARK 600

SH055, SH063, SH135, SH151, SH152

Reason/Purpose:

The purpose of this service bulletin is to announce the release of **Revision B** of the Aircraft Flight Manual (AFM), document number **SHARK600_MA_168**, in its German mutation. Operators must ensure that their manuals are up to date to comply with current operational standards.

Description of Issue/Modification:

The German AFM SHARK600_MA_168 has been updated to Rev. B, aligning it with the latest English version of SHARK600_MA_075 Rev. E.

Instructions:

A PDF file of SHARK600_MA_168 Rev.B accompanies bulletin email, or it can be downloaded from the [SHARK.AERO website](#).

Print the updated AFM pages on A5-sized sheets.

Remove the old pages from your current AFM binder and replace them with the corresponding new pages from Revision B.

Parts Required: NIL

Material Information: NIL

Weight and Balance Information: NIL

Effectivity:

This bulletin applies to SHARK 600 aircraft registered in Germany under DULV or DAeC.
